

NBS Specification

N10 GENERAL FIXTURES/FURNISHINGS/EQUIPMENT

300 ENTRANCE MATTING:

Grimebuster 50 Carpet Tile

A carefully selected blend of coarse polypropylene needled from both sides with over two million needle punches per m² and then it is subjected to a further needling process which produces a linear pattern. The product is then impregnated with a primary coat of resin followed by a modified bitumen backing, a second polyester scrim is then laminated on to give extra strength and stability.

Size: 50cm x 50cm tile
