Journey to Net Zero

Positive Environmental Impact

Social Values & Well Being

vibe[®] is inspired by torn netted structures with areas of strong pattern breaking away into sections of plain. Whilst the bold mesh grid is the main feature of the design, underneath are subtle broken shapes. This building of layers within the design creates a luxurious, velvet like appearance. The palette of 12 colours provides core greys and neutrals which are further enhanced by a selection of both pastel and vibrant colour-on-grey options.
